Repeated visits were made at the office of Bar-Magoun & Co., where J. W. Reinhart, presi-of the Atchison Company, was busy in an inroom most of the day, considering affairs of ny. In well-informed circles, however, it was said at a meeting of the directors of the Atchison Company would be held in Boston to-morrow, to consider the question of meeting the interest falling due on January 1. It was said that negotiations had been pending for some time for assuring the company protection from any default, and that they had worn a favorable aspect, but that the death of Mr. Magoun had brought them to a stand. It is hoped by friends of the company that these negotiations may be resumed and successfully concluded, and upon the result, it is believed, the question depends whether the Atchison shall be forced to seek the protection of a friendly receiver. Storles prevailed after the close of business, however, that the company would be placed in the hands of the courts to-morrow. The rumor that members of the firm of Alexander & Green had gone to Topeka to make the application could not be confirmed. would be held in Boston to-morrow, to question depends whether the Atchison shall be forced to seek the protection of a friendly receiver. ported sales of \$226,000 second mortgage "A" bonds, and the price fell from 36 to 33%, ending in 33%, and the price fell from 36 to 33%, ending in 33%, a net loss of 1½ per cent. The sales of the stock aggregated more than 33,000 shares, and after touching 14%, the last price was 15%, against 17%, at wednesday's close, and 22 on December 2. The weakness of the market encouraged the worst apprehensions in financial circles.

The interest charges to be met by the Atchison company on January 1 are estimated at from £,000,000 to \$2,500,000. In addition, loans fail due in London at the close of the year amounting to about £2,000,000. Several weeks ago President Reinhart and John J: McCook went to Engiand and it was generally supposed that their object was to provide for an extension of this loan. A short time after their arrival in London rumers were cabled from that city of unfavorable developments in Atchison affairs. These were denounced by Mr. Reinhart as "bear lies." Mr. Reinhart and Mr. McCook returned home on the steamer Teutonic on December 14. Mr. Reinhart, in an interview upon his arrival here, declared emphatically that the Atchison January interest would be paid. He declined to answer in detain inquiries as to the dolined sought to be accomplished by his visit object sought to be accomplished by his visit abroad, but declared that his mission had been successful. It was subsequently reported from London that Mr. Reinhart had failed to secure an outright renewal of the loans made in London but had been promised a renewal provided he could furnish satisfactory guarantees of the payment of the lanuary interest. It is believed that the lilness of Mr. Magoun embarrassed the necessary arrangements, and his death is considered to be a blow to the company in removing the most active banker in this country engaged in financing the Atchison through the present severe depression.

EFFECT ON THE GENERAL MAPKET.

EFFECT ON THE GENERAL MAPKET. The stock market surprised its friends by the com-parative steadiness it showed under the unfavorable developments over night. The closing of the St. Nicholas Bank was a shock, because the final Nichoias Bank was a snock, because action of the Banking Department was so unexpected. Nothing positive could be learned respecting its actual condition, and other smister rumors became current. The break in Atchison added to the demoralized feeling, while the study of Secretary Carlisle's annual report had added to discouragement. The enormous short interest existions in the market saved prices from more serious declines, because the bears covered freely as the weakness increased. The transactions in New-York and New-England amounted to nearly 50,000 shares, and from 27½ there was a decline to 195,62 shares, and from 27½ there was a decline to 195,62 chicago, Milwaukee and St. Paul was dealt in to an amount exceeding 42,000 shares. The price fell from 60 to 58½658½ floors Island went from 57 to 1006100%, and St. Paul and Omaha from 37 to 1006100%, and Missouri Pacific declined 1 per cent to 48%485, and Missouri Pacific declined 1 per cent to 22. High-priced shares like Delaware, Lackawanna and Western and Delaware and Hudson dropped 394 per cent. Western Union Telegraph was active, with sales exceeding 30,000 shares, and after touching 53½ the price closed down 1½ per cent at 84.

TRUNK LINE COMMITTEE MEETING. GENERAL DISPOSITION TO RESTORE FREIGHT

RATES-WORKING TO PREVENT CUTTING joint committee of the trunk lines and thek

Western connections met yesterday in large at-tendance. The freight-rate situation was thoroughly sured earnestness in the determination to stop the demoralization now prevailing in rates from Chicago to the East. It was voted to restore rates on January h, and pledges were given to see that the tariff was maintained. Rates have fallen 10 cents per 109 pounds below the schedule, which is 5 cents ligher than the lowest summer tariff ever made. The roads realize that the light business in prospect must be protected by remunerative rates, and it is declared that the managers are sincere in their determination to maintain agreements in the coming year. No plan was discussed for this purpose, it being realized that good faith among the controlling officers of the different lines was the best guarantee for a maintenance of rates. The special export committee, appointed some time ago to devise a scheme for schuring maintenance of rates on this clare of business, was requested to hanten its report for future consideration. It is schemally supposed that some pooling contract will be devised for this purpose.

The growing irregularities in passenger rates were referred to the general passenger agents of the foint committee, who, with the commissioners of the several associations, were directed to prepare a plan to prevent cutting in the future. to the East. It was voted to restore rates on Jan-

ALTON AND TERRE HAUTE BOND TRANSFER The St. Louis, Alton and Terre Haute Railroad Company announces that all the outstanding bonds of the company mature and will be paid on July 1, 1894. There were reputed sales of \$270,000 par value of Atchison consolidated morigage 4 per cent bonds. The first price was 69 and the closing was at 65%, a net loss grain to New-York. It satisfied itself of the truth grain to New-York. It satisfied itself of the truth of the report and immediately got out tariffs making this rate on grain and grain products to New-York a 17-cent rate to Boston, a 13-cent rate to Philadelphia, a 12-cent rate to Baltimore and a 10-cent rate to Buffalo, with corresponding reductions to all intermediate points. All eastbound freight rates were very much unsettled to-day and the prediction was freely made that grain rates would go to 10 cents to New-York before January 1. In its tariff issued to-day the Eric gives notice that these rates will go out of effect December 31, which would go to support the claim advanced that these last cuts will not prevent the carrying out of the general managers agreement that all rates shall be restored and maintained January 1, and thereafter.

REDISTRIBUTION OF STOCK ORDERED.

REDISTRIBUTION OF STOCK ORDERED.

Milwaukee, Dec. 21.—Judge Jeneins made an order to-day authorizing the Northern Pacific receivers to surrender to the St. Paul Union Depot Company \$29,000 worth of its stock upon the payment to them of \$11,696.55. Other roads besides the original ones wanted to use the station facilities, and disputes arose as to the terms. Several suits were instituted, pending the trial of which the roads were allowed to use the station on payment of stipulated rentals. It finally became, be-essary to increase the capital stock from \$25,000 to \$200,000, and to make a redistribution of the stock. The equalization required the Northern Pacific to surrender \$20,000 of stock and take \$11,596.56 of the profits.

Nothing definite was done with regard to putting it into effect. J. G. McCullough, one of the Reorganization Committee, stated that there are yet some features to be agreed upon, and 'inasmuch as during the holidays business men are not disposed to engage in very serious work, the plan will probably not be perfectly formulated and issued until about the beginning of the new year."
